Axiom Mapping Advantage: Your Cemetery Simplified

By using Axiom Mapping Advantage, cemetery operations run more smoothly, accurately, and efficiently. Our modern, easy-to-use tool gives cemeteries a graphical representation of their property, eliminating the need for paper records and manual research. Plus, users can quickly view the cemetery map and locations via desktop or mobile devices.

Axiom Mapping Advantage offers the only standalone, modern, cloud-based mapping solution for smaller cemeteries and the families they serve. While cemetery owners will enjoy increased efficiencies, families will appreciate the simple, easy-to-use, online map of the cemetery to locate their loved ones quickly.

WHY AXIOM MAPPING ADVANTAGE IS THE RIGHT CHOICE:

- Standalone, cloud-based mapping technology
- Easy-to-access view of maps and locations accessed via desktop or mobile devices
- Modernization of maps and plot records relieves staff of administrative burdens
- Affordable tool provides a quick return on investment
- Convenient access to location, owner, and service information

BENEFITS AT A GLANCE:

- Standalone, cloud-based technology
- Access via desktop or mobile devices
- Location, owner and service information
- Quick return on investment
- Support your families with easy access to key information

Schedule a demo to see how Axiom Mapping Advantage can support your cemetery and the families you serve.
