AXIOM, FIND A LOVED ONE

This easy-to-use, mobile-friendly tool makes it simple for families to locate loved ones in cemeteries.

Compatible with core Axiom products: Easily integrate with [Axiom CMS](#) and [Axiom Mapping Advantage](#), Find a Loved One is accessed through the cemetery's website and provides families with self-service abilities.

BENEFITS AT A GLANCE:

- View deceased and service information
- Access walk-to-grave directions
- See a visual map overview of the cemetery
- Open a gallery of images

Additionally, Find a Loved One integrates with Cemetery360 for an all-encompassing view of the property.

The Axiom Find a Loved One application is available 24/7, freeing up cemetery staff to focus on additional priorities.

“The user-friendly interface and clear search results of Axiom “Find a Loved One” are a comfort for the grieving, even long after the loss. With this tool in place, our cemetery office teams have more time to support each family in their time of need.”

Clarke Kuebler,
Erie Cemetery Association
General Manager
